

# Circular Textile Innovations

SUSTAINABLE SYSTEM CHANGE IN THE TEXTILE INDUSTRY

Initierat av:

BioInnovation

Med stöd från:

Strategiska  
innovations-  
program

PROJECT

## Circular Textile Innovations

VOLUME

22.8 MSEK

PROJECT TIME:

2,5 -3 yrs

START:

Q4 2021

END:

Q4 2024

# Desired effects of the whole initiative

Collaboration for Swedish competitiveness in sustainable and circular textiles

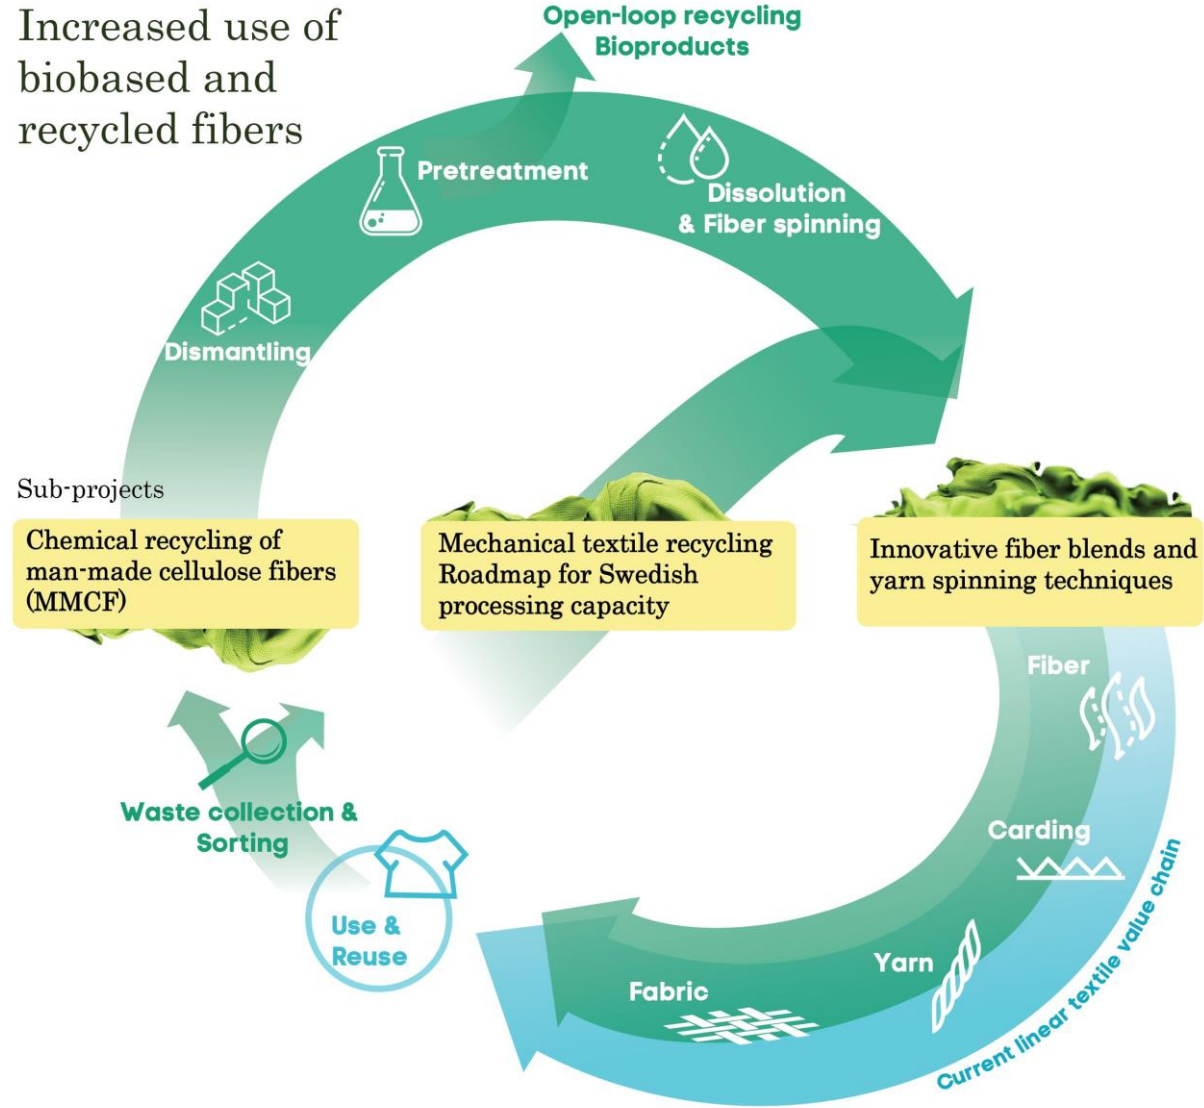

Roadmap for capacity development in Sweden

Extending the properties of cellulose-based textiles

Knowledge dissemination and enhancement, synergies and exploitation of knowledge for transitions

PROJECT

# Circular Textile Innovations

**Seminar at Almedalen 25th June,  
14:00**

***Kan innovationer från skogen skapa  
en hållbar svensk textilindustri?***

Gotlands Musuem, Skogsindustrierna

Participants:

Cecilia Tall, RISE/RE:Source, TEKO, Ellen Einebrant,  
Återvinningsindustrierna Åsa Degerman, Once More /  
SÖDRA, Lena-Marie Jensen, Textilhögskolan Borås, Jonas  
Rylander, SPORDA + political representatives
